JEAN MONNET CENTRE OF EXCELLENCE

Technology and Innovations for Agenda 2030 – EU Global Leadership – TIA 2030

Invitation letter

Dear Colleagues,

My name is Kseniia Gromova. I am a team member of the Jean Monnet Centre of Excellence "**Technology and Innovations for Agenda 2030 - EU Global Leadership" (TIA2030)**.

I would like to cordially invite you to join our first Round table discussion named “European grand visions and implementation deficit – focusing on Agenda 2030 and its Sustainable Development Goals” as part of the “Social science evening discussions”. The session will be held on **April 10, 2024,** and we can also organise online attendance. Your contribution, experience and expertise are substantial for the discussion and will significantly benefit the wider research community.

To provide context, our Jean Monnet Centre of Excellence TIA2030 focuses on the European Union's implementation of the UN Global Agenda 2030 and its Sustainable Development Goals (SDGs). The project explores the role of technological innovations in pursuing Agenda 2030 objectives. We aim to foster multi-level dialogue among academics, students, professionals, policymakers, civil servants, businesses, and the general public on the importance and contributions of the SDGs and the European Union's role.

We are planning the event for approximately **1 hour**. The round table will take place in the form of an open discussion.

Please do not hesitate to contact us if you have any questions or concerns.

Best regards,
The Jean Monnet COE Team,
Kseniia Gromova

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Jean Monnet Centre of Excellence titled **Technology and Innovations for Agenda 2030** (TIA2030) is the focal point for competence and knowledge on European Union implementation of United Nations global Agenda 2030. European Union played an important role in adoption of Agenda 2030.

To achieve this, **TIA2030** engages a variety of target groups, i.e. academia, students, professionals, policy-makers, civil servants, businesses, civil society and the general public at large. **TIA2030** sets up infrastructure, methodologies, protocols, and tools to systematically collect, evaluate and make publicly available both already existing documentary resources and new primary empirical data. This is the foundation for multi-level policy debate with relevant audiences (conference special sessions, joint field trips and round table discussions) and enables to develop content and tools on EU subjects, to complement and upgrade current courses and curricula (course modules, summer schools, workshops), which will be available as Open Educational Resources.

As a result, **TIA2030** will advance interdisciplinary EU studies and deal with the phenomenon of EU implementation deficit, with a view to offer research and educational tools that could be utilised throughout Europe and beyond, to contribute to awareness of **Agenda 2030** and its implementation.
