JEAN MONNET CENTRE OF EXCELLENCE

Technology and Innovations for Agenda 2030 – EU Global Leadership – TIA 2030

3rd Summer School: "The European Union and Agenda 2030"

PROGRAMME

Date: from 18th to 22nd May 2026

Location: Zoom meeting

Hosted by the Faculty of Information Studies in Novo mesto

The Summer School of *TIA2030* aims to cover different topics related to Agenda 2030 and its Sustainable Development Goals with a specific focus on the role that technologies and innovations play in the process of its implementation. This event will bring together high-level experts, young scholars, students (future professionals and practitioners), current professionals active in the relevant field, and other interested stakeholders (businesses, civil society, etc.).

As a result, **Summer School of *TIA2030*** will bring the relevant EU topics, especially implementation of **Agenda 2030** and its **Sustainable Development Goals** to the relevant stakeholders, bringing together in a single educational process not only academia and students, but also professionals, policy-makers, policy officers, civil servants, businesses, civil society and the general public at large to learn together to co-create the future and drive structural changes far beyond the scope of what any one organization or person could do alone.
